REPUBLICAN TICKET.

FOR CONGRESS—FIRST DISTRICT—
WYMAN SPOONER, of Walworth.
SECOND DISTRICT—
C. C. WASHBURN, of Iowa.
THIRD DISTRICT.
CHAS. BILLINGHURST, of Dodge.

ELECTION, - TUESDAY, NOV. 7.

Democratic Congressional Conventions.

The result of the Democratic Congressional Conventions in the First and Third Districts, is exactly what we anticipated and what we predicted

The Waupun Convention, on Tuesday, after considerable wrangling, renominated John B. Macy, by a vote of 27, to 18 for Gabriel Bouck of Winnebago Co., and 6 for Dr Judd of Dodge Co.

Mr Billinghurst, Republican nominee for Congress in that District, doubtless feels easier, and breathes freer, for the nomination of Mr. Macy secures his election beyond a shadow of doubt. Mr Macy was elected two years ago, by the aid of fancy railroad stock, capital which—under the present pressure in the money market, and the low figures which such funds command—will not be found sufficiently potent to re-elect him.

A series of resolutions endorsing the Nebraska fraud, were introduced into the convention, but were summarily laid on the table.

After the convention adjourned, about half of the delegates formed a new organization, with Mr. Robinson of the Green Bay Advocate, as President, and passed strong resolutions in favor of the Nebraska bill. So it seems that that the Democracy of that District is rent in twain.

The convention in this District, at Mukwonago, yesterday, did up the work in short order —renominating Daniel Wells, Jr., on the first formal ballot, by a vote of 21, to 13 for H. T Sanders of Racine, 3 for Chas. K. Watkins, 1 for A. E. Elmore of Mukwonago, and 1 for E. Wakely of Whitewater.

We learn from one of the delegates that on the informal ballot, Mr. Wells received but 17 votes, that, before a formal ballot was taken, a motion was carried to vote *viva voce*, in order to prevent any cheating among postmaster delegates—the Well's men mistrusting that several postmasters from Waukesha Co., didn't "toe the mark" exactly according to agreement.

After the nomination was made, it was moved that it be unanimous, whereupon, Robert McCarter, delegate from Waukesha Co., cried out, "that's right, he won't get so many votes as he did when nominated." The motion was then withdrawn, and the convention adopted a platform for the candidate to stand upon, comprising three "milk and water" resolutions, which mean something or nothing, just as the exigencies of the case may demand.

The resolutions, we are informed, reprobated the further extension of slavery, affirmed that our foreign-born citizens were entitled to all the privileges and immunities extended to native born—a right which no political party in Wisconsin ever denied—and condemned the land grab policy, which Mr. Wells, at one time last session, didn't know but he should support.

Hunker Conventions in Wisconsin have frequently passed about such resolutions, just before election, in order to defraud the people into the support of their candidates, but after election nothing more is heard about them, if the Hunker nominee is successful. We shall see if the voters will be longer deluded by such palpable humbuggery.

The renomination of Mr. Wells is a wet blanket to the State Administration, and is a complete triumph of J. A. Noonan and the U. S. Administration—in short, it is a victory of the Nebraska'i'es.

Mr. Wells is abundantly able to pay the expenses of a vigorous canvass, yet, we have too much confidence in the honesty and integrity of the people, to believe that money will induce them to endorse the present weak, corrupt, slave-catching administration, and Mr. Wells may as well make up his mind, at once, to be beaten—badly beaten

The nominations of Messrs. Wells and Macy give us great satisfaction, and it will be with still greater gratification that we shall chronicle their defeat, which seems inevitable.

WHIPT IN.—The Potosi Republican, heretofore a decided Anti-Nebraska journal, has finally been whipt in to the support of Doctor Hoyt, Nebraska candidate for Congress in the Second District. It did not put up Mr. Hoyt's name until its last issue, in which it, however, says of the nominee and convention:—"In the first place, Dr. Hoyt was not the first or even the second choice of the people whom that convention, as a body politic, represented; and his nomination was finally made only by the force of circumstances, and because none other could be made. There were others whose abilities, past services, and long and faithful advocacy of democratic doctrine, entitled them to the honors of the place now occupied by Dr. Hoyt; and had the convention acted in good faith towards these men, and consulted the wishes of their constituents, which were well understood, that apathy which now prevails among democrats would not exist.

Secondly, the convention, following precedents undoubtedly, composed of 45 delegates, assumed to speak the sentiments of more than 4,500 electors, upon a question which they well knew created an honest division of opinion in the public mind. In doing so they went beyond their delegated powers, and took the responsibility of making an issue with the enemy—a prerogative not granted to them, and which they had no right to exercise."

Brave words, but what are they worth, Mr. Republican, when you sustain the very action of the convention which you reprobate so vehemently.

The N. Y. Times thinks Judge Bronson will be withdrawn and Gov. Seymour be left to contest the contest with Clark

Celebration of the Jerry Rescuers.

SYRACUSE, Sept. 30.—The anniversary of the Jerry rescue was celebrated at Wieting Hall to-day. Gerrit Smith presided, and 2,500 persons were present.

Mr. Snodgrass, being appointed Vice President, remarked, that he hoped the time was not far distant when some regard would be paid to the rights and feelings which impelled the rescuers of Jerry.

Letters were read from Rev. H. W. Beecher and Chas. Leonard. The latter said—"Every good citizen will refuse to obey the Fugitive Slave law."

The address, to the people, was then read, when Luther Lee declared if the Fugitive law was constitutional, he went for trampling on the constitution and law together.

The President invited Mr Garrison to the platform.

The resolutions were reported. The first declares there can be no law for slavery. Second, that Jerry was rescued in contempt of miscalled law. Third, that no man can properly celebrate this rescue who acknowledges the possibility of the legality of Slavery. Fourth, that the man is dishonest who claims or admits that Slavery can be law, &c. There were ten more resolutions in the same tone.

Two poems, one on Senator Douglas, and one on the Jerry rescue, were recited by Mr. Rogers, of Newark.

Beriah Green said law is the expression of divine will. To pronounce the Fugitive Slave bill law is to make God a mighty Moloch, and establish atheism and misanthropy supreme.

A recess was then taken

The meeting re-assembled at 2 o'clock in the afternoon

Fred Douglas spoke at some length, advocating resistance to the Fugitive Slave law—even to the shedding of blood He held up to view the handcuffs which were taken off Jerry, and attacked non-resistants very vehemently

Mr. Garrison followed, attacking Mr. Douglass' position. Syracuse, he said, was not a freedom-loving city. Jerry was rescued in the night, and taken from an unguarded Court—Those who accomplished the act would never have dared to have done it in the day time. Syracuse is still a slave-hunting soil. The most that could be done, was to put a fugitive on the road to Canada, and say to him as they said to Jerry—"Go it." Boston had done more to settle the question of Freedom than Syracuse. There were men in State-st., in Boston who would have paid $500 to have had Col. Suttle shot, tarred and feathered.

Mr. Douglas replied that it sometimes became necessary that the line of duty should be marked out by the blood of slaveholders. Did Jerry flee to Canada? Loguen is still here, determined that when the slave-hunters come after him the game shall be worth the candle.

Mr. Garrison replied that man has no right to shed human blood, unless his own as a martyr.

The discussion was very exciting, Mr. Douglas carrying the sympathies of the audience with him.

A committee was then appointed to attend to the celebration in 1855.

Evening Proceedings.

The meeting re-assembled again in the evening with S. J. May in the chair.

Leonard Gibbs rose and said he was the counsel for Jerry when he was arrested. He scathed Commissioner Sabin most unmercifully. He thought if the trial by jury was granted to fugitive slaves, nothing would be gained, as the Marshall would pack the juries summoned to try them. The fugitive law will never be repealed so long as slavery exists. The South does not want to dissolve the Union. The dissolution of the Union is only used as a threat. Rather than tolerate Slavery let us dissolve the Union. Make no terms with the South, and they will succumb. Let them, however, get Cuba, St. Domingo, and Mexico, and they will then get so strong as to be able to kick us out.

Mr. Garrison followed after Mr. Gibbs, when the Convention adjourned *sine die*.

A GOOD NAME.—The Massachusetts Pioneer Company to Kansas have given the valley in which the commence a settlement, the significant title of "Backbone Valley." The name was doubtless suggested by the remarkable speech which Hon. CHARLES SUMNER recently delivered, concerning the encroachments of Slavery. He said the Northern or Free States were wanting in three things, which were essential to enable them to resist such encroachments. The first of this was *Backbone*; the second was BACKBONE; and the third was BACKBONE.——

BULWER, the novelist, in a letter to a gentleman in Boston, said, "I have closed my career as a writer of fiction. I am gloomy and unhappy. I have exhausted the powers of life, chasing pleasure where it is not to be found."

THE *News* presents the fact, that the Washington Sentinel opposes the Administration, as proof that it is not a subsidized press. It belongs to the fire eating section of the Democracy, and is supported by the other section because neither section can get along without the help of the other. Both make the support of slavery the polo star of their existence, and neither of them could live six months on their legitimate subscriptions and advertising, as the National Era does, or without the lavish patronage of the General Government.

What the Government patronage may be worth to the *News*, we know not, but we do know that most of the presses in the State, which have supported Pierce and Nebraska, have been connected with the officials of the General Government.

MR. BILLINGHURT.—The Portage City Republic endorses the nominee for Congress in the Third District, in the following handsome style:—"We have been somewhat acquainted with Mr. Billinghurst for the past two years, and have considered him a man of most excellent qualities and fair abilities. He was our first and last choice in the convention, and we are well satisfied that we acted with the accordance and wishes of our District, for he has a large number of personal friends in this vicinity that will support him regardless of the Nebraska Slaveocracy-soft-soap which is being palmed off in this vicinity, of late."

There is a representation of 3-5 upon niggers. 3 niggers make three white men in national legislation—and this nigger property makes all the laws—refuses appropriations to harbors.

The nigger representation made the Fugitive Slave act, and imprisons white men of the North if they speak against it. The Nebraska Bill is for the Sovereignty of nigger's property over white men's.

COLUMBIA CO.—A Mass County Convention, to be held at Wyocena, on Saturday, the 7th inst., for the purpose of effecting a more thorough organization of the Republican party in Columbia Co., and to nominate suitable persons for the several county offices, and also nominate a State Senator.

The American Anti-Slavery Society held its anniversary at Syracuse, on the 29th ult., There was a very able and interesting discussion between Gerrit Smith and Wm. Loyd Garrison, on the question whether the U. S. Constitution was a pro-slavery or anti-slavery instrument:

A New and Wonderful Invention.

A Parisian correspondent of the *N. Y. Tribune* speaks of a new discovery in the art of lithography, which is destined to make a complete revolution in the art of copying. He says:

Among the most interesting recent inventions, is that of M. Boyer. He has reduced it to a practical, useful art, and it is practiced at this present writing in the Rue Racine, under the style and title of *homoegraphy*. I spent an hour there yesterday, in examining its products, and, so far as it is allowed, its processes deserves columns of praise and explanation. I can only give a paragraph of statements.

Homoegraphy is the completion of all the promises of lithography. Mr. Boyer takes rank with Guttenburg and Seunefelder. Give Mr. Boyer a copy of the Tribune—one of this moment's issue or the first number that was ever published—the age of the ink and the size of the page are different—and in thirty minutes M. Boyer will return you two numbers of the Tribune, of which no ordinary observer can tell which is the copy and which the original. No sense of smell or touch, or sight, reveals a hint of the process that the original has been submitted to. If engravings are mingled with the text; if instead of being printed this year they were printed in the year 1,500, the result—a perfect copy and an unchanged original—are the same. I compared a page of black letter printed in 1503, one of Albert Drurer's engravings, a number of The Illustrated London News for April 21, 1854, and a number of the French Illustration, with their respective copies, and could discover no other difference than may exist between copies of the same work taken from stereotype Plates. Thus the portrait of Omer Pasha in the counterfeited London News seemed to be a better impression than the one in the original, but only so much better as may be accounted for by the inking and pulling in that case.

If M. Boyer or rather the manager of the Homoeographic shop, with whom I talked—does not greatly miscalculate or mistake its advantages, this new process is likely to seriously affect the business of printing in the old way. Of the accuracy and rapidity of re-production of printed pages, lithographs and wood engravings. I had ocular proof. The applicability of the process in the re-production of books is patent. An old rare work, a book in a foreign language, choice old wood engravings, may be multiplied with an absolute accuracy of likeness in every letter, line and point. There is an end to bad editions, if but one copy of a good one is to be had.

Now comes the question of expense; to answer that, my informant, who is, I think, a practical printer, took the following example:—twelfth volume of the collection of the History of the Gauls has become rare: it sells for forty or fifty dollars, nor can it always be found at the highest of those prices. Suppose we want a hundred copies: it will not pay to reprint so small an edition, which, when done, would have the disadvantage of being in modern type, with the risk of typographical errors. Its cost by the homoegraphic method would be, for paper, $80; the labor would occupy three men ten days. I omit other illustrative examples and eloquent "improvements" of the benefits of this discovery, in which the enthusiastic eloquence of my friendly informant was exuberant. Among the specimens of the homoegraphic art that I have by me, is a copy of one of Albert Drurer's engravings, which can now be afforded to the purchaser for three cents.

THE END OF THE YEAR.—This number of *The Burr Oak* completes the first year. It was started as a democratic paper and pledged to the support of the principles of that party, but great changes have taken place within the last year. A national democratic administration has lent the whole power of the government to effect the nationalization of slavery and now calls upon its former supporters to endorse the act. Thomas Jefferson has always been ranked as the head and founder of the democratic party. He was the author of the famous slavery prohibitory clause in the Ordinance of 1787. He never was in favor of nationalizing slavery. This slavery question has been the only prominent or important issue before the present congress, involving any of the Jeffersonian creed. The Jeffersonian doctrine has been basely abandoned by the national democratic party. We adhere to the ancient faith. We could not follow the party and aid in divesting this inglorious institution of slavery of its local character, and in dignifying it as a national institution. Hence, at the end of the first year of our paper, we find ourselves separated from the party organization with which we were identified at its commencement. We have the pleasure to assure our readers that the paper was never more prosperous than since our open resistance to these slavery extension efforts. Our subscription list has been increasing and we have the confidence to believe that our patrons approve of our course.—*Dodge Co. Burr Oak.*

A singular trial is now in progress in one of the Providence, Rhode Island, Courts. Some time since a young lawyer of Providence was detected at the Marlboro' Hotel, in Boston, dressed in woman's clothes. His female wardrobe—a very valuable one, valued at some hundreds of dollars—was taken from him and given into the hands of a Providence policeman, who was to give it to the lawyer's wife. She being away from the place, it was not done, and the owner has had the officer arrested for theft, in keeping the clothes from him. An amusing list of this clothing was published in one of the Providence papers a few days ago, which showed a very extensive female outfit. The case is exciting much interest, as the gentleman, besides being a married man, is a church member, Sunday-school teacher, &c.

HOW TO BURN COAL.—Graham's Magazine has an article on coal buying and coal burning, from which we select the following:

The great mistake of all is to put on too much coal, as if it were wood—the greater the quantity the greater the heat. If too much coal is supplied, the combustion is necessarily imperfect, because the fire is choked up, the draught destroyed, and the elements of the coal, slowly escaping from it, pass up the chimney unconsumed, or are disseminated in gas throughout the room. Whereas, if the Strata of coal be but moderate, a red flame will play around the interior of the stove, by which entire combustion and a healthy heat are secured. One ton of coal, therefore, by thorough combustion, will often secure more and a healthier atmosphere, than two tons consumed in the ordinary way; and this is a fact that can be easily demonstrated.

NOT UP TO THE TIMES.—Some years since a gentleman, a native of Concord, N. H. residing in Burlington, Iowa, received a letter from an old acquaintance, a young lawyer in New Hampshire, inquiring what the gentleman's views were of the feasibility for success in removing to Iowa, and there engaging in his profession. The gentleman replied to him, that he thought he would do as well to remain where he was; at the same time telling his neighbors in Burlington that he did not think the lawyer equal to the practice of the country. The lawyer's name was Franklin Pierce, now President of the United States. The gentleman's name, James W. Grimes, Governor elect of the State of Iowa.—*Chicago Tribune.*

BUSINESS.—During the week past business has been quite lively in Potosi. The arrivals of the steamboats *James Lyons* and *Kentucky* at our landing, heavily freighted with merchandize for this and adjoining towns, has given our streets a busy appearance. Farmers' wagons, too, have been more numerous than usual, bringing their surplus of potatoes to market, the price of which within two weeks have raised from 25a30 to 50a55c ℔ bushel. A large quantity has been bought for shipment at prices ranging as above.—*Potosi Rep.*

A gentleman had a cask of American wine, from which his servant stole a large quantity. When the master perceived the deficiency, he diligently inspected the top of the cask, but could find no traces of an opening. "Look if there is not a hole in the bottom," said a by-stander. "Blockhead!" he replied, "do you not see that the deficiency is at the top, and not at the bottom.

THE FAIR GROUNDS

Are thronged to-day, and the show of live stock is remarkably fine. There is also a good display of agricultural implements, of cutlery and cabinet-ware. We have not time to enumerate the various articles, but we advise everybody to attend and examine for himself.

The Military are also out in their glory, and will parade for public inspection at 2 o'clock this afternoon.

The Orphan Asylum have provided ample refreshments on the grounds for all who need, and the transition from the Floral Department and an examination of the works of art to the refreshment table is both natural and delightful.

The weather is propitious, everybody is good natured, and all seem disposed to improve the exhibition to the best purpose.

"DER CORSAR."—In our advertising column will be found the prospectus of this paper, which is to make its first appearance in this city, on Saturday, and will be published in the German language. It will be ably edited, will advocate the principles of the Republican party, and we trust that all interested in the advancement of Truth, Humanity, and the extension of correct principles, will lend it pecuniary "aid and comfort." The business men of this City and State, who endorse the Republican Platform will find it to their interest to subscribe for this paper, and circulate it among their German friends. Terms $2 per annum, in advance.

GRAHAM'S MAGAZINE for October, presents a most inviting table of contents. Some of the illustrations are very fine. It is one of the old established magazines, and has a fine corps of contributors.

MELANCHOLY ACCIDENT.—A young man named Solon J. Burrill, was fatally injured about 10 o'clock this forenoon, by nearly one third of a window cap—a stone about a foot square—falling upon his head, from the walls of the second story of Haney & De Bow's store, burnt by the destructive conflagration in August last. The top of his head was completely broken in, and Dr Wolcott and other physicians who were called to attend him, took out some half dozen large pieces of fractured skull. He was afterward taken to R. E. Gillett's, in the Second Ward, and, at last accounts, was supposed to be dying. He was entirely unconscious from the moment he received the injury. He is 25 years of age, son of Robbins Burrill of Sheffield, Lorain Co., Ohio, and nephew of Rev. J. C. Brigham, Secretary of the Am. Bible Society, New York, and R. E. Gillett of this city. He was a young man of estimable qualities, had but recently come to this city, and was in the employ of the American Express Company.

RAZOR STROP MAN.—This eccentric specimen of the *genus homo*, a live Yankee from down east, with an eye so keen that he can look straight through "coming events," which sometimes "cast their shadows before," is in town, lecturing on moral and religious subjects, and selling his wares at the same time. He promised the crowd, last night, that they sho'd hear from him on the Fair Grounds, to-day.

PEOPLE from the country visiting the Fair, will find hats, caps, &c., at J. H. Silkman's, near the west end of Spring St. Bridge—sign of the mammoth Hat—which we know will suit them, and at prices at which they cannot complain. The same may be said of Throop & Bailey, and P. Barker, who deal in like articles on East Water Street.

CIRCUIT COURT---Judge Hubbell Presiding.

Chas. Graham, indicted at the last term of the Circuit Court, for stealing cattle, was bro't up yesterday, and, after being admonished by the Judge, to lead a sober and orderly life in future, he was discharged without trial, the District Attorney being satisfied that he was innocent of the charge made against him. The Court is not in session to-day.

MILITARY.—The Str. Traveller brought in from Racine last evening, two military companies who have come to attend the Military encampment.

A Sheboygan Military Co. also arrived here yesterday. These together with the Milwaukee Co.'s—5 in number—made quite a formidable display.

ROBBERY.—Three men from the country had their pocket books—containing $25 in the aggregate—taken from their sleeping apartments at the Menomonee Hotel last night. The empty pocket books were found, this morning, in a wood box, in the Hall up stairs.

Police Court.

Richard Fletcher was fined $2 and costs this forenoon for violating Bridge Ordinance.

MR HOWARD of the Town of Franklin, laid upon our table this morning, a splendid winter apple, grown in his orchard, which weighs 17 ounces.

THE annual meeting of the Michigan State Temperance Society is to be held at Battle Creek on Tuesday of next week.

GOV. REEDER, of Kansas, left St. Louis on Tuesday for the seat of Government of the new territory.

MR. H. SEMMES, a prominent young lawyer of Hudson, St. Croix Co., died in that place recently.

"A LAND OFFICE BUSINESS."—The receipts of the passenger office of the Michigan Southern Railroad, in Chicago, on Monday last, were $3,858 89.

THE number of deaths in Savannah, of yellow fever, last week, was 120; being 65 less than during the previous week.

THE steamboat Kate took fire while towing a schooner thro' Hell Gate, the 29th ult., and burned to the water's edge.

THERE were 75 deaths in Boston last week, only one of which was of cholera.

BALTIMORE, Sept. 29.—The Archbishop of Baltimore has summoned the prelates to a provincial council, to open at the cathedral in this city, on the 5th of November. The province embraces the cities of Baltimore, Philadelphia, Richmond, Pittsburgh, Wheeling, Erie and Savannah.

A Know-Nothing Alarm.

The Waterville *Mail* tells the following story about the steady old borough of Kendall's Mills:—

Mrs. Soberly went to bed precisely at nine o'clock, thinking it passing strange that her good man had not made his appearance just ten minutes before. Of course he would be home in a minute and a half, or two minutes at furthest, and so Mrs. Soberly left a lamp burning on the hall table. There it burnt and burnt—but she must tell her own story; as she told it next morning to about thirteen of her most confidential friends:—

Well the lamp burnt and burnt, till as near as I can guess, 'twas well nigh on to ten o'clock, and that man hadn't come! What to make on't I dind't know no mor'n the dead—for he hadn't never been out before, since they had such a fuss about the Aroostook war. Twan't no use to speak to the children, for they wouldn't know; so after I had waited till I couldn't wait any longer, I bounced out of bed, and down stairs I went. I went right into the buttery and raised the window towards Mr. Blank's, and says I "Mrs. Blank!" in a minute I heard her jump out of bed and raise the window—and says she:

"Why Mrs. Soberly, what on earth's the matter?" "Matter!" says I—speaking low because I didn't want anybody to hear—matter! Mrs. Blank, do tell me if you have seen anything of my husband!"

"Your husband!" says she, "you didn't suppose I had got him, did you?" and then speaking almost in a whisper, says she—

"Look here—what on earth does this mean? have you seen anything of *my* husband?" Then we both began to think something *had* happened, certainly, and in about two minutes I was dressed and over to Mrs. Blank's. Well, we concluded to step over to Mr. Quiet's, and start him out for a search; but we hadn't got half way across the street, talking along, when we heard the window shove up, and Mrs. Quiet, says she, "Who's there?" Says I, "It's me." "Well says she, "do for pity's sake, tell me if you have seen anything of *my husband*!"

Now, wasn't here a pretty pickle? Well to make a long story short, we went up that street clear to the school-house, and back on t'other side, and not a woman did we find but what was wondering *what had become of her husband!*

Well, just as we got to our gate, who should we see there but my husband and Mr. Blank!

"Mr. Soberly," says I, a little spunky, "will you just tell me what all this means?"

"What it means," says he, just as cool as if nothing had happened—"well, Mrs. Soberly—ahem—I should be very glad to gratify you, if I could, but the truth is—ahem—that I don't 'Know Nothing' about it!"

Well, from that time to this, I go to bed when I get ready, without asking any questions; and if I find Mr. Soberly there in the morning, that's all I care for—for I'd just give him to know that I'm as good a Know Nothing as he is.

A REAL PHILANTHROPIST.—"I see in this world [says Jeremy Taylor,] two heaps, one of human happiness, and the other of human misery. Now, if I can take but the smallest bit from one heap, or add to the other, I carry a point. If as I go home, a child droppeth a half-penny, and if by giving it another I can wipe away its tears, I feel that I have done something. I should be glad, indeed, to do greater things; but I will not neglect this."

WE learn from the County Clerk of Kenosha county, that the assessed valuation of this county for 1854 is $1,444,784, which will be subject to a reduction, less than the amount of Plank and Railroad Stock assessed; the latter being subject to one per cent. State Tax of this county will be $7,670,52, about 5¼ mills on the assessment when corrected. This county was equalized *up* over ¼.—*Kenosha Tel.*

LITTLE by little, as we travel through life, do our whims increase and become more troublesome—just like a woman's luggage on a journey.

HON. LEWIS D. CAMPBELL, of Ohio, a thoro' going Anti-Nebraska man, will stump the Detroit district of Mich., commencing in that city on the 16th inst., in favor of the election of the Republican nominee for Congress.

HON. S. P. CHASE.—The Madison *Journal* says:

The "CORSAR," will adhere to the principles set down in the Madison Platform of the 13th of July, 1854, and be, of course, opposed to those parties who like to have stagnancy instead of reform, and Slavery instead of Freedom. All those who take a warm interest in the contest against the reactionary parties and the demagogues, who take the lead of them, and in the realization of genuine Republican Principles, are invited to subscribe to the "CORSAR."

The "CORSAR" will be published every Saturday, at the price of $2,00 per year, payable in advance every six months. Since the "CORSAR," will be propagated within the State of Wisconsin, as well as abroad, it is well adapted to advertisements, which will be inserted at the usual rate.

THE AMERICAN'S FRIEND:
HOLLOWAY'S PILLS!

TO THE CITIZENS OF THE UNITED STATES—
I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,
38, corner of Ann and Nassau Streets, N. Y.

PURIFICATION OF THE BLOOD AND LIVER AND BILIOUS COMPLAINTS.

The citizens of the Union suffer much from disorders of the Liver and Stomach. Scarcely any are free from the influence of these destructive maladies. Hence life wears fast. The fair sex, perhaps the most handsome in the world, up to a certain period, when, distressing to say, many lose their teeth and good looks while yet in the hey day of life. Such sad evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A CASE OF WEAKNESS AND DEBILITY OF TEN YEARS STANDING, CURED BY HOLLOWAY'S PILLS.

Copy of a Letter from Capt. John Johnson, Astor House New York, dated Jan. 5th, 1854.

To PROFESSOR HOLLOWAY, 38, corner of Ann and Nassau streets, New York—

SIR: It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years, I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up my Ship, never expecting to go to sea any more, as I had tried every remedy that was recommended to me, but all to no purpose; and had given myself up to despair, when I was at last recommended to take your Pills. After using them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. You are at liberty to make this known for the benefit of others.

I remain, Sir, yours respectfully,
(Signed) JOHN JOHNSON.

There is a Summer Attachment to the stove which will make half difference less in the AMOUNT of fuel used in the summer season, and does away with all unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the Stove to give complete satisfaction; if not, to be returned, and money refunded. I will refer you to hundreds of the citizens of Milwaukee who are using the Stove.
